

## *MUSIC SUNDAY at the UU Fellowship of Longview*

*August, 15, 2010*

The music was wonderful, the musicians marvelous, the instruments awesome and inspiring. It was one of the best worship services we have ever had at the Fellowship. Special thanks to Austin for requesting it, Marolen for pulling it together, Ruth for her inspiring words as Lay Leader, and the musicians for sharing the fruits of their labors. But their good work and beautiful music would have been for naught without the participation of the members and friends who gathered together to celebrate the best we can be in community.

Kevin opens the musical program with a Prelude.

Lamont and Judith make gentle, flowing music during the offering.

Jonna and Durren, as always, make beautiful music together.

Lamont and Judith make some of their own instruments from gourds and recycled materials.
